PHIERWorks Public Partner Overview

A planned pathway connecting healing, accountability, training, paid community service, school health, and whole-child support.

Healed men. Strong partnerships. Protected children. Rising communities.

THE FOUNDATION

Black men across generations created room to heal spiritually, grow, accept accountability, and become dependable to one another. That foundation produced mentorship, service, leadership, and MAP's growing work with young people.

Men are stepping forward beside women - not over them - as dependable partners in strengthening families and communities.

PROGRESS PEOPLE CAN VERIFY

As of September 2026

- 13 active MAP men, with eight additional men preparing to serve.
- Approximately 90 young people reached twice weekly through school-based work.
- Two schools active, two more expected to begin in October, and three districts reached.
- PCC serves as fiscal sponsor and nonprofit home for approved PHIERS, MAP, PHIERWorks, and community work.
- 62 prospective participants identified through local faith-based organizations.
- Sacramento-wide expansion conversations continuing.

WHAT SUPPORT CAN BUILD

- Training and paid pathways for mentors, tutors, teacher's aides, navigators, advocates, and other needed workers.
- School nurse-led support for the whole child, with licensed nurses placed where unmet need is greatest.
- Support for clearances, supervision, transportation, insurance, technology, and the staff needed to keep the work running.
- Connected referrals and follow-up across school, health, family, and community needs.

WHAT WE ARE ASKING NOW

- Donate or sponsor approved program-development and training costs.
- Introduce us to funders, workforce agencies, schools, health partners, and independent media.
- Take and share the Sacramento Education Priorities Survey.
- Sign and share the Public Trust Petition.
- Request a private briefing if your organization is prepared to help implement or fund the work.
